LINKSTAR

Artist Background

Linxstar, self-proclaimed “Golden Boy” of hip-hop is arguably pound for pound the hottest rap artist in the country. With his fresh, vibrant and urban sound, along with his snazzy & charismatic videos, Linxstar has become one of the leading players not only in the hip-hop scene but also in Botswana’s music industry as a whole.

Repertoire

Having grown up surrounded by a wealth of music fed from different generations in his family, it certainly comes as no surprise that Linxstar’s chosen to lead that life of an artist and that his claim to fame is his music.

Having initially come out in 2011 with a youthful vigor, he appealed chiefly to the younger market, 21 and under. He has since grown and with him, so has his sound, style, confidence, content, demeanor and boastingly his all round swagger. So much so that now, not only does he appeal to listeners’ in their 30’s ,

they often commend Linxstar for his musical production.

The Linxstar brand embodies a firm belief that careers brains and talent can co exist as one. A good education

does

does
mean
dreams

come
but that
not
ones
and

aspirations have to take a backseat. Having got his degree he is now perusing his passion for music to the full extent and wants to be an example for those yet to come behind him.

January 2011 saw the release of Linxstar's debut mixtape titled "What Lies At The End Of A Rainbow". This fun mixtape follows a strict storyline which can be seen a glimpse into a part of Linxstar's life.

Blu Muffin Ent, the much

acclaimed entertainment company noticed Linxstar's talent early on and were quick to approach him with an offer he could

not refuse. Linxstar is now the 1st signee under BME's new music and artist branding division "Blu Muffin Music Group".

Pot of Gold

"Pot of Gold" will be Linxstar's second musical offering. It's a compilation of all his works over the past 12 months, which he wrote and recorded himself. The true essence of the album is not hard to find as on this project, Linxstar has stayed true to who he is as an artist, exploring

common themes he has become popular for in a way that not many of his peers are able to do.

On "Pot of Gold" Linxstar collaborates with the likes of Scar, Zeus, Sasa Klaas, Chub Heights, A.T.I., EGO and

many more of Botswana's prized talents. This album is due for released on the September 9th, the same day as his Sisters birthday. Reason being that it's the best way to make this projects release a truly joyous occasion with his entire family.
